

Reliability & Clarity You Can Count On!

Home Telecom Digital Voice is a high-quality voice service with all the features and clarity you expect from traditional home telephone service. Easy to use and reliable, Digital Voice is delivered over our advanced, private broadband network.

ADDITIONAL SERVICES

Messaging Unified: \$4.00 per month

The latest in messaging convenience!

Unified Messaging:

Have your voice mails delivered to your email address, so you can be notified and play your voice mails from any computer or smart phone device.

Easy 1, 2, 3 voice mail navigation

Live Message Playback:

Screen your calls once your voice mail picks up — your phone will begin to ring again. Simply pick up and begin listening to your caller as a message is being left. Press any key to pick up the call.

Out dial to cell phone with listen option:

Setup voice mail to call your cell phone when receiving voice mails.

Messaging Unified add-on options:*

Sub Mailboxes: Perfect for small business owners or families with teens.

Fax Messaging: You can have the ability to receive, view and forward faxes electronically. You can upgrade to receive a dedicated fax number with multiple means of accessing your messages — send to a fax machine, forward to your email, or view from the CommPortal web interface.

*An additional fee of \$2.00 per month is required for Sub Mailboxes and \$4.00 per month for Fax Messaging.

DIALING PATTERNS

All Home Telecom Digital Voice customers are required to dial 10 digits when placing local calls. 10-digit dialing means dialing the three-digit area code and seven-digit phone number, just like on a cell phone. You are required to dial 1+ the 10-digit telephone number for all long distance (toll) calls. 10-digit dialing will allow you to easily return missed calls logged on your home phone.

New Customers

Home Telecom delivers Local and Long Distance telephone service utilizing the latest Digital Voice technology. Enjoy crisp, clear service and all of the Calling Features you expect. Best of all, you will enjoy having local technicians and Customer Service Representatives right here in your community to serve you.

Customers Switching from another company such as TDS or AT&T

You now have an alternative for Local and Long Distance telephone service, and its us: Home Telecom. We want to make your switch easy and convenient. You can keep your same telephone number or we will assign a new one if you prefer. Plus, you can have all of the Calling Features you are accustomed to using.

- Call Return
- Speed Calling
- Three Way Calling

LOCAL ZONE CALLING*

We realize that many people in our service area make many — if not most — of their "long distance" calls to areas close to home. So, we offer Local Zone Calling, a service to enable you to call within certain "zones" (also referred to as LATAs — Local Access Transport Areas) at lower rates.

With Local Zone Calling:

- You dial the seven or 10-digit telephone number you're calling. If you dial 1+ the Area Code, your call will be charged at your regular long distance rate.
- Call detail is provided unless you select the Flat Rate Option.
- Local Zone Calling is a one-way, outgoing service.
- Each telephone line you have requires its own option.
- There is no installation or setup charge.

Measured 3.5¢ Option – 50¢ per month: All calls made within your Local Calling Zone using seven or 10-digit dialing are only 3.5¢ per minute.

Flat Rate Option: Unlimited calling to the Tri-County area (Berkeley, Charleston, Dorchester Counties) for \$14.60 per month. Calls to the remainder of the Coastal Calling Zone (see map) are 4.5¢ per minute.

**Not Available in New Hope area.*

LOCAL ZONE CALLING MAP

COASTAL CALLING ZONE

LOCAL SERVICE

Single Line: \$18.54 per month

DOES NOT INCLUDE the Federal Universal Service Charge, FCC Local Number Portability, Emergency Service Preparation Charge, or the Telecommunications Relay Services Charge.

SafeGuard Wire Plan: \$4.95 per month

Includes Local Calling to and from these areas:

- St. Stephen Area**
Bonneau
Pineville
St. Stephen
- New Hope Area**
Summerville
Charleston
Mt. Pleasant

LONG DISTANCE

Home Telecom Long Distance offers nationwide, 1+ long distance calling backed by our "home-town" personal service. One of our representatives will be happy to help you determine which plan is best for you.

Premium Long Distance* \$30.00 per month

Now you can make all of the long distance calls you want — talk with friends and family nationwide — for one flat fee per month. Call anywhere in the United States, any time day or night. **Not available in Harleyville.*

NickelTime – 5¢ per minute, \$3.95 per month

Call anywhere in the USA any time for 5¢ per minute plus a low monthly fee of \$3.95. Ideal if you make 50–100 minutes of calls per month.

DimeTime – 10¢ per minute, \$1.50 per month

Like NickelTime, call anywhere in the USA any time, except the per-minute rate is 10¢ plus a lower monthly fee of only \$1.50. Ideal if you make 30–50 minutes of calls per month.

15¢ Plan

If you make less than 30 minutes of long distance calls from your home, this flat rate plan is the most economical. There is no monthly fee — no surprises, no hidden fees — all calls are 15¢ per minute.

Personal Toll Free

Get your own Toll Free number — the perfect solution for children away at school and relatives in care facilities. Provide your Toll Free number to anyone you wish to call you without incurring a charge. You pay only 18¢ per minute (10¢ if you're a Home Telecom Long Distance customer) with a \$2.00 monthly fee.

*Restrictions prohibit using Home Telecom's Premium long distance service for certain activities, including but not limited to, autodialing, continuous or extensive Call Forwarding, telemarketing, fax broadcasting, data applications including access to corporate or business LANs, Virtual Private Networks, or to continuously or excessively access an Internet dial-up service. The purpose of the plan is to provide unlimited domestic U.S. voice calling for residential customers. Home reserves the right to immediately terminate or modify the plan if Home, at its sole discretion, determines that the service is being used for any of the aforementioned activities or any activity inconsistent with normal usage patterns for voice calls. In the event a call is identified as falling into a restricted category, it will be billed at \$.10 per minute. Other restrictions may apply. Price does not include taxes and other applicable Federal and State fees.
