2011 Moncks Corner Area Telephone Directories Available

[Moncks Corner, SC] The Official 2011 Edition of the Moncks Corner Area Directory is now available. This year, Home Telecom is proud to feature a piece of artwork created by local artist, Dorothy Shromoff. The painting showcases the Great Blue Heron, a familiar Lowcountry inhabitant. Whether seen towering over marshland grasses or striding down the riverbank of the Tail Race Canal, the Great Blue Heron is another object of beauty in the Lowcountry.

This year's directory has a new, consumer friendly design offering features such as a local restaurant guide, United States Government Offices information and more. You will also find information and instructions on all of the products and services Home Telecom has to offer. Extra copies of the directory are available at all Home Telecom Business Offices, Berkeley Chamber of Commerce, Berkeley County Government, Town of Moncks Corner, local area Post Offices, as well as many area convenience stores. Make sure to get your copy today.
