## EVO Force 1 Remote Control Functions

### Cloud DVR

- To access your Cloud DVR recordings, simply click the **DVR** button on remote control.
- Scroll to the right using the right side of the **Navigation** button until you highlight the profile icon.
- You are now able to manage your Cloud DVR. By default, you will see the recordings that are currently available to you. Click the top or bottom of the **Navigation** button to highlight the title you'd like to play. Click the **Ok** button to begin watching.
- If you want to manage your upcoming recordings, scroll up until 'Recorded' is highlighted at the top of your screen, then navigate to the right to select 'Scheduled.' From here, you can manage all of your upcoming recordings.

### Restart

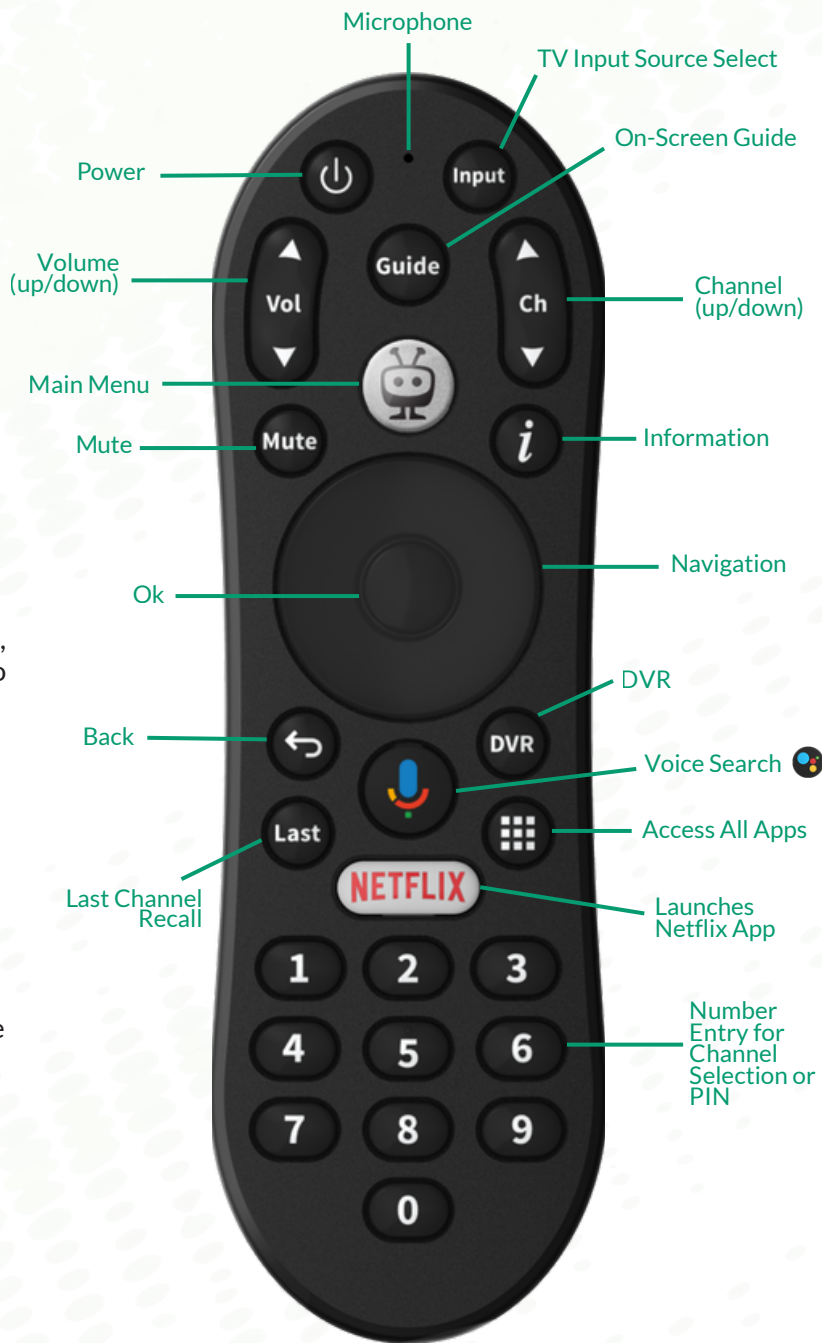

- If you decide that you'd like to watch a program from the beginning, you can do that easily. Click the **Ok** button in the center of **Navigation** on your remote, then scroll over to 'Restart.' Once you click the **Ok** button again, your program will start from the beginning.

### Replay

- To access Replay, simply click the **Guide** button on the remote control.
- Click the left side of the **Navigation** button. You will see a new menu pop up with 'Replay' highlighted.
- Click the **Ok** button on your remote control.
- From here, you can browse programs and movies available to be replayed. Simply select a title to begin watching.

### Search

- To easily search for the content you want to watch, click the **Back** button on your remote.
- Using your **Navigation** button, scroll to the right until you highlight the magnifying glass icon. Click the **Ok** button and use the keyboard to begin your search.

### Filters

- To access your filters, simply click the **Guide** button on the remote control.
- Click the left of the **Navigation** button. You will see a new menu pop up. Click the bottom of the **Navigation** button to highlight 'Filters.' Click the **Ok** button on your remote.
- From here, you can select from various categories that you are interested in viewing.
- To return to the previous screen, click the **Back** button on your remote control.
