

How to get the HomeStream TV app on all Amazon devices through your Amazon account

1. Using your desktop or laptop, log in to your [Amazon.com](https://www.amazon.com) account.
2. Click on **Account & Lists**.
3. Find or select **Manage Devices and Content**. (Sometimes located under **Digital Content and Devices**)
4. Select **Your Apps**. (Sometimes called **Install** or **Remove Apps** or **Apps**)
5. Search **HomeStream TV** in the search bar. Select the search icon or hit enter.
6. Select **App** below the HomeStream TV app icon.
7. You'll see a dropdown menu with the title '**Deliver to:**' - select the dropdown menu. Select your device.
8. Select **Get App** (sometimes called **Deliver**) to download the HomeStream TV app on your device.
9. Wait for the app to download onto your device. Once downloaded, log in using your Home Telecom credentials.

****Repeat steps 8-10 for each device****

****On mobile devices, download the HomeStream TV app through the App Store or Google Play Store.****
